SPONSORSHIP PROPOSAL

EVENT INTRODUCTION

DevConf is a new community driven, professional developer focused, one-day conference hosted annually in Johannesburg. The aim of the conference is to provide local software developers a buffet of tools, practices and principles applicable to tackling current challenges in the South African software development environment. It's an event where attendees can learn, network and be inspired regardless of their specific technology stack and programming language of choice.

Event Details

Date: 8 March 2016

Time: 08h00 – 18h00

Venue: Riversands Incubation Hub, Fourways, Johannesburg, South Africa

Attendee Profile

The event targets professional software developers which work in mid to large sized organisations and who develop systems of all sizes for enterprise companies. The event aims to attract 300 to 400 attendees across industries such as financial services, media houses, telco's etc.

Event Purpose

DevConf serves to inspire software developers with a range of topics applicable to software development. From keeping up to date with the latest technologies and trends to tackling the challenges of working in large enterprise systems – it's a buffet of experiences, ideas and pragmatic advice as well as an opportunity to connect with peers across the industry.
